

AEBI 212. EVOLUTION AND PHYLOGENY.

Credits: 3

Offered by: Natural Resource Sciences (Faculty of Agric Environ Sci)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Overview of the tree of life and exploration of the central role evolution plays in the field of biology. Difficulties inherent to classifying life and critically assessing evolutionary theory among scientific and popular audiences. The importance of phylogenetics and the relationships among major groups of organisms.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
