

AEMA 105. PRECALCULUS LAB.

Credits: 1

Offered by: Bioresource Engineering (Faculty of Agric Environ Sci)

This course is not offered this catalogue year.

Description

Problem-solving: foundational material in algebra concepts, functions and graphs, polynomials and rational functions, exponential and logarithmic functions, graphs and equations, trigonometry, analytic trigonometry, systems of linear equations, sequences & series.

- (1.0 credit) (2 lab hours per week; normally taken concurrently with AEMA 101 Calculus 1)
- Restrictions: Open only to students in FAES whose background is deficient in Precalculus mathematics. Not open to students who have taken CEGEP competency OOUP, AEMA 102, or equivalent. Not open to students who have taken AEMA 100 or MATH 112. Permission of instructor required.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
