Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

## Description

Through case studies and field trips, students will examine the problems and constraints within the Canadian agro-ecosystem, including the interrelationships among food production, the environment, agricultural policy and social issues. Research in this field of study will also be introduced.

- This course carries an additional charge of \$29.98 to cover the cost of transportation (bus rental) for local field trips to agricultural enterprises. The fee is refundable only during the withdrawal with full refund period
- This course carries an additional charge of \$65.29 to cover the cost of transportation (bus rental) for local field trips to agricultural enterprises. The fee is refundable only during the withdrawal with full refund period.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
