

ANAT 316. CLINICAL HUMAN VISCERAL ANATOMY

Credits: 3

Offered by: Anatomy and Cell Biology (Faculty of Science)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

The gross anatomy of the various organ systems of the human body, with emphasis on those aspects of greatest relevance to physical and occupational therapists. Laboratories include the study of prepared specimens.

- Winter
- Two hours of lecture and two hours of laboratory
- Prerequisite: ANAT 315 or permission of instructor
- Restriction: Open to students in Physical and Occupational Therapy and Kinesiology. Not open to students who have taken or are taking ANAT 214.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
