

ANTH 213. ARCHAEOLOGY OF HEALTH AND DISEASE

Credits: 3

Offered by: Anthropology (Faculty of Arts)

This course is not offered this catalogue year.

Description

Introduces theories and methods used to identify and interpret human health in the archaeological record. Focus on health impacts of factors such as infectious disease, nutrition, and social and technological changes.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
