

# ARCH 520. MONTREAL: URBAN MORPHOLOGY.

---

Credits: 3

Offered by: Architecture (Faculty of Engineering)

This course is not offered this catalogue year.

## Description

Historical, geographical, demographical, and regional evolution of the metropolis of Montreal. Topics include: important quartiers, the Montreal urban grid, industrialization, reform movements, geographical diversity, urban culture, local building techniques and materials. Basic concepts of urban morphology and their relationships to the contemporary urban context will be explored.

- Section 02: others; limited enrolment.
- Given alternate years, alternating with ARCH 521
- (2-1-6)
- Prerequisite: ARCH 251

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
