

ARCH 680. FIELD SKETCHING.

Credits: 2

Offered by: Architecture (Graduate Studies)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Seven days of supervised field sketching in selected locations outside Montreal. The course reinforces traditional skills in observation, notebook recording and architectural sketching. Students are encouraged to approach the subject critically and thematically, and to treat sketching as a mechanism for documenting experience and expressing their knowledge of the environment.

- Since this is a specialized course, the standard add/drop and withdrawal deadlines do not apply. Add/drop is the second lecture day and withdrawal is the fourth lecture day.
- (15-40-6)

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
