

ATOC 400. INDEPENDENT STUDY OF AN ENVIRONMENTAL PROBLEM.

Credits: 3

Offered by: Atmospheric & Oceanic Sciences (Faculty of Science)

This course is not offered this catalogue year.

Description

A reading or research project, conducted under the guidance of an instructor, on the meteorological processes related to an environmental problem. A written report will be required. Students should consult the departmental undergraduate student adviser for the names of available supervisors.

- Summer - Section 002 (04-Jun-2007/04-Jul-2007)
- Restriction: students taking a joint program in Atmospheric and Environmental Science or with permission of Department.
- Restriction: students taking a joint program in Atmospheric and Environmental Science or with permission of Department.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
