

# BASC 449. INTEGRATIVE RESEARCH PROJECT.

---

Credits: 6

Offered by: Arts & Science Admin (Shared) (Interfaculty, B.A. & Sc.)

This course is not offered this catalogue year.

## Description

Supervised integrative research project.

- Prerequisites: BASC 201, at least one term of undergraduate studies and a CGPA of at least 3.0; or permission of instructor.
- Restriction: Open only to B.A. & Sc. students. Before registration, projects must be arranged individually with professors. Each project will be approved by chair/delegate of the B.A. & Sc. Program Administration Committee.
- Students are advised to start the application process well before the start of the term and to plan for an alternative course in the case that no suitable project is available. See <http://www.mcgill.ca/science/ours> for more information about available projects and application forms and procedures.
- For projects that are not integrative, students should consider other research project or independent study courses offered by the Faculties of Arts or Science.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
