

BBME 682. INTERNSHIP 2

Credits: 9

Offered by: Biological & Biomedical Engr (Graduate Studies)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

An internship/research project (minimum 360 hours) related to the practice of Biological and Biomedical Engineering supervised by a practitioner in the biological and biomedical engineering field within an industrial or institutional research centre environment.

- Restrictions: Only open to students registered in the M.Eng. in Biological and Biomedical Engineering; Non-Thesis program.
- This course may be completed in the same organization and under the same supervisor as BBME 681 to consolidate professional knowledge and experience, or in another institution to broaden professional experience and knowledge.
- Students will be supervised by a BBME faculty member and co-supervised by a qualified supervisor from the host organization.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
