

BIOC 604. MACROMOLECULAR STRUCTURE.

Credits: 3

Offered by: Biochemistry (Graduate Studies)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

X-Ray crystallography, NMR spectroscopy, Electron Microscopy.

Theory and methods used to determine macromolecular structures will be covered. Several practical sessions with hands-on experience for students are included.

- Prerequisite: BIOC 450 or equivalent
- Lectures in French and English
- Offered in the Fall term, in even alternate years.
- Offered in the Winter term, in even alternate years.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
