

BIOL 111. PRINCIPLES: ORGANISMAL BIOLOGY.

Credits: 3

Offered by: Biology (Faculty of Science)

This course is not offered this catalogue year.

Description

An introduction to the phylogeny, structure, function and adaptation of unicellular organisms, plants and animals in the biosphere.

- Note: This class will use a Student Response System (clicker) which can be obtained when you get your ID Card in the Trottier Building between August 20 and August 31st. If you already have your ID Card, you can get your SRS at Redpath Library Room 22 beginning August 20th.
- Open to all students wishing introductory biology.
- Attendance at first lab is mandatory, starting on the 2nd week of the semester, to confirm registration in the course.
- Labs for Fall 2021 will be held in the field and remotely. Students are expected to be in Montreal for Fall 2021.
- Fall
- 2 hours lecture and 2 hours laboratory
- Restriction: Not open to students who have taken CEGEP objective 00UK or equivalent; or BIOL 115.
- This course serves as an alternative to CEGEP objective code 00UK
- Labs are held weekly, starting from the second week of term. Attendance at the first lab is mandatory to confirm registration in the course.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
