BIOL 331. ECOLOGY/ BEHAVIOUR FIELD COURSE.

Credits: 3

Offered by: Biology (Faculty of Science)

Terms offered: Summer 2026

View offerings for Summer 2026 (https://vsb.mcgill.ca/vsb/criteria.jsp?term=202605&courses=BIOL-331) in Visual Schedule Builder.

Description

Methods of sampling natural populations. Testing hypotheses in nature.

- Prerequisites: BIOL 206 and BIOL 215, or equivalents, or permission of the instructor.
- Note: This course has an additional fee. The Department of Biology subsidizes a portion of the cost for this activity.
- The field portion of this course is given at the University's Gault Nature Reserve in Mont St. Hilare over a two-week period in the summer term. In the summer, students prepare a report based on projects carried out during this field portion. There is an additional fee of $885.00 that covers room and board and handouts. This fee could be refundable if the department approves it.
- **Due to the intensive nature of this course, the standard add/drop and withdrawal deadlines do not apply. Add/drop is the third lecture day and withdrawal is the sixth lecture day.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
