

BIOL 335. MARINE MAMMALS.

Credits: 3

Offered by: Biology (Faculty of Science)

Terms offered: Summer 2025

[View offerings for Summer 2025 in Visual Schedule Builder.](#)

Description

Biology of marine mammals with special emphasis on seals and whales of the Bay of Fundy. Taught at the Huntsman Marine Science Centre, St. Andrews, N.B., for two weeks in August. The course combines lectures, laboratory exercises, field trips, and individual projects.

- Prerequisite: BIOL 205
- This course is offered in the summer.
- Apply first to Huntsman, then contact susan.gabe@mcgill.ca.
- The fee for this field course is \$1913.86 to cover fees related to the use of facilities for teaching and lab spaces in the Huntsman Marine Center (lodging, meals, facility rental spaces, transportation and tour fees).

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
