

BIOL 414. INVERTEBRATE BRAIN CIRCUITS AND BEHAVIOURS

Credits: 3

Offered by: Biology (Faculty of Science)

This course is not offered this catalogue year.

Description

Exploration of the neural and molecular mechanisms that drive animal behaviour, with a focus on invertebrates, including the principles of neural circuits and behaviour.

- Prerequisites: BIOL 306 or permission of instructor, COMP 202 or equivalent (any coding experience or permission of the instructor).

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
