

BIOL 429. EAST AFRICAN ECOLOGY.

Credits: 3

Offered by: Biology (Faculty of Science)

Terms offered: Winter 2026

View offerings for Winter 2026 in Visual Schedule Builder.

Description

Field settings (Uganda, Kenya, and/or Tanzania) are used to impart training in ecological principles critical to tropical conservation with an emphasis on research design and field research exercises.

- Winter
- The course is to be taught in Africa as a component of the Africa Field Study Semester. Students must register for the Africa Field Study Semester.
- Prerequisite: BIOL 215 or equivalent.
- Corequisite: NRSC/BIOL 451 and ANTH/GEOG 451
- Restriction(s): Not open to students who have taken BIOL 329.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
