Credits: 2

Offered by: Biology (Faculty of Science)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

## Description

The practical aspects of science and scholarship in biology, including scientific writing, research presentations, bibliographies, methods, and peer review, as relating to Biology Honours research projects and theses. Attendance at research seminars in areas of related research.

- Fall, Winter
- Students must register for both BIOL 499D1 and BIOL 499D2.
- No credit will be given for this course unless both BIOL 499D1 and BIOL 499D2 are successfully completed in consecutive terms
- In some weeks, conference attendance will be replaced by research seminar attendance.
- Restriction: Open to students in the Biology Honours program. Students in the Quantitative Biology or Computer Science and Biology Honours programs may enroll with instructor permission.
- In some weeks, conference attendance will be replaced by research seminar attendance.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
