

BIOL 603. ORGANISMAL BIOLOGY RESEARCH AND PROFESSIONAL SKILLS.

Credits: 1.5

Offered by: Biology (Graduate Studies)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Core skills in proposal writing, peer review, oral presentation, and practical workflows for reproducibility in science, pertaining to the Organismal Biology research stream, and including stream-specific topics such as field safety and career options. Topics include: paper/pre-print discussion and written review, research presentations, research proposals, rubric-guided peer review, and experimental design in field research disciplines.

- Prerequisite: Permission of instructor.
- Restriction: Not open to students who have taken or are taking BIOL 602.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
