

# BIOL 655. LABORATORY PROJECTS AND TECHNIQUES 1.

---

Credits: 3

Offered by: Biology (Graduate Studies)

This course is not offered this catalogue year.

## Description

Directed training in selected methods used in areas of current interest in biological research. Intended for individuals or classes working in selected areas under the supervision of one or more staff members. Form and content are flexible to allow the Department to meet specific student demands and needs. Each course is arranged by consultation with individual staff.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
