

BIOS 631. BIOSTATISTICS INTERNSHIP.

Credits: 6

Offered by: Epidemiology and Biostatistics (Graduate Studies)

Terms offered: Summer 2025

[View offerings for Summer 2025 in Visual Schedule Builder.](#)

Description

The internship will provide the opportunity to integrate classroom learning and practice in an applied statistics environment. The student contributes to an organization's mandate and to addressing a data analysis or statistics research while developing skills as a biostatistics professional and/or researcher.

- This course is aimed at students registered in the M.Sc. in Biostatistics and the M.Sc. in Mathematics & Statistics who are specializing in statistics.
- Restriction(s): By permission of the department.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
