

# BMDE 656. MEDICAL DEVICE

---

Credits: 3

Offered by: Biomedical Engineering (Graduate Studies)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

## Description

Development of medical devices from concept to usage in humans. Overview of technical and regulatory processes to ensure safety and efficacy from the perspective of patients and users. Discussion of an existing medical device, reviewing all steps of the design process and the required documentation for regulatory submission.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
