BMDE 657. BIOMEDICAL ENGINEERING INDUSTRY INTERNSHIP.

Credits: 18

Offered by: Biomedical Engineering (Graduate Studies)

Terms offered: Summer 2025

View offerings for Summer 2025 in Visual Schedule Builder.

Description

This course covers various aspects of translational biomedical engineering at an organization in the biomedical engineering industry (including private, public and non-governmental organizations), which includes applying engineering principles to design, develop, implement, or test biomedical engineering solutions as well as assume active roles in translational projects of biomedical engineering solutions at host organizations.

• Restrictions: This course is restricted to graduate students registered in the M.Sc.(A.) in Translational Biomedical Engineering; Non-Thesis.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
