

CCCS 451. COMMUNICATION AND NETWORK SECURITY.

Credits: 3

Offered by: Technology & Innovation (School of Continuing Studies)

Terms offered: Summer 2025

[View offerings for Summer 2025 in Visual Schedule Builder.](#)

Description

Introduction to modern wireless communication and networking technology, including different approaches to secure the wireless networks, with necessary tools to adapt to the revolutionary change in mobile communications and networking.

- Prerequisites: CCCS 300, CCCS 321, CCCS 431 and CMIS 422; or approval of the Director or Program Coordinator.
- Course may be offered in person or online with synchronous and asynchronous activities.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
