

CCCS 455. INTRUSION TESTING AND SECURITY ASSESSMENT.

Credits: 3

Offered by: Technology & Innovation (School of Continuing Studies)

Terms offered: Summer 2025

[View offerings for Summer 2025 in Visual Schedule Builder.](#)

Description

The fundamentals and tool set needed to discover and exploit system vulnerabilities, penetrate organization infrastructure; tools and hacking techniques used in cyber-attacks, and planning intrusion tests.

- Prerequisites: CCCS 300, CCCS 321, CCCS 431 and CMIS 422; or approval of the Director or Program Coordinator.
- Course may be offered in person or online with synchronous and asynchronous activities.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
