

CCCS 620. DATA ANALYSIS AND MODELLING

Credits: 3

Offered by: Technology & Innovation (School of Continuing Studies)

Terms offered: Summer 2025

[View offerings for Summer 2025 in Visual Schedule Builder.](#)

Description

Analysis of fundamental concepts and techniques for data analysis and modelling; basic mathematical and computational concepts needed for data analysis. Application of programmable tools to real-world examples.

- Not open to students who have taken CCS2 505.
- Course may be offered in person or online with synchronous and asynchronous activities.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
