

# CCCS 685. ADVANCED INDEPENDENT STUDIES: TECHNOLOGY AND INNOVATION.

---

Credits: 3

Offered by: Technology & Innovation (School of Continuing Studies)

This course is not offered this catalogue year.

## Description

Individual advanced projects, which may involve guided readings, applied research and development components.

- Prerequisites: The topic of study requires the approval of the Technology & Innovation unit.
- A project plan outlining a topic and the scope of the project must be approved by the relevant academic coordinator, under the supervision of an instructor and, when appropriate, an external subject-matter expert.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
