Offered by: Global & Strategic Comm. (School of Continuing Studies)

Terms offered: Summer 2025, Winter 2026

View offerings for Summer 2025 or Winter 2026 in Visual Schedule Builder.

Description

Identification and classification of different types of language technologies and their components. Introduction to computer-assisted translation (CAT) tools, translation management systems, machine translation and post-editing. Hands-on experience with CAT tools usage including the creation of translation memories, file alignment, creation of terminology databases and records, as well as the translation of documents in a translation editing environment. Principles of real life meta-learning (i.e., learning how to learn).

- Restrictions: Open to students enrolled in the Graduate Diploma in Legal Translation or with departmental approval.
- This is a bilingual course.
- Course includes synchronous and asynchronous activities.
- A minimum grade of B- is required to pass this course.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
