

CHEE 496D1. ENVIRONMENTAL RESEARCH PROJECT.

Credits: 1.5

Offered by: Chemical Engineering (Faculty of Engineering)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Independent study and experimental work on environmental topic(s) chosen by consultation between the student and professor. Students must find a supervisor amongst department faculty before registering for this course.

- Students are required to complete a written report and a presentation before the end of the semester.
- Students must register for both CHEE 496D1 and CHEE 496D2.
- No credit will be given for this course unless both CHEE 496D1 and CHEE 496D2 are successfully completed in consecutive terms
- CHEE 496D1 and CHEE 496D2 together are equivalent to CHEE 496

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
