

CHEM 203. SURVEY OF PHYSICAL CHEMISTRY.

Credits: 3

Offered by: Chemistry (Faculty of Science)

This course is not offered this catalogue year.

Description

The fundamentals of thermodynamics and chemical kinetics with applications to biomolecular systems. Thermodynamic and kinetic control of biological processes.

- Restriction: Not open to students who have taken or are taking CHEM 204 or CHEM 213
- Restriction: Intended for students in biological science programs requiring only one course in physical chemistry Restriction: Not open to students who have taken or are taking CHEM 204 or CHEM 213 or CHEM 223 and CHEM 243.
- Fall
- Prerequisites: CHEM 110 and CHEM 120 or equivalent.
- Restrictions: Intended for students in biological science programs requiring only one course in physical chemistry. Not open to students who have taken or are taking CHEM 204 or CHEM 213 or CHEM 223 and CHEM 243.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
