

# CHEM 514. BIOPHYSICAL CHEMISTRY.

---

Credits: 3

Offered by: Chemistry (Faculty of Science)

This course is not offered this catalogue year.

## Description

Physical chemistry concepts needed to understand the function of biological systems at the molecular level, including the structure, stability, transport, and interactions of biological macromolecules.

- Winter
- Prerequisite: CHEM 203 or CHEM 204 or CHEM 223 and CHEM 243, or permission of instructor.
- Restriction: Not open to students who have taken CHEM 404.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
