

CIVE 519. SUSTAINABLE DEVELOPMENT PLANS.

Credits: 6

Offered by: Civil Engineering (Faculty of Engineering)

This course is not offered this catalogue year.

Description

Geared for solving real-world environmental problems related to water at the local, regional and international scale in Barbados. Projects to be designed by instructors in consultation with university, government and NGO partners and to be conducted by teams of two to four students in collaboration with them.

- Restrictions: Not open to students who have taken AGRI 519 or URBP 519. Permission of the Coordinator of the Field Semester required.
- (1-9-8)
- Restriction: Must be enrolled in the Barbados Field Study Semester.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
