

CIVE 625. CONDITION ASSESSMENT OF EXISTING STRUCTURES.

Credits: 4

Offered by: Civil Engineering (Graduate Studies)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Procedures and testing techniques for the in situ and laboratory evaluation of existing structures and infrastructure materials. Destructive and nondestructive techniques, forensic analysis, and evaluation and deterioration mechanisms are addressed through lectures and case studies.

- A group laboratory project is also required.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
