CMDC 630. MULTILINGUAL DESKTOP PUBLISHING.

Credits: 2

Offered by: Technology & Innovation (Graduate Studies)

This course is not offered this catalogue year.

Description

Introduction to software commonly used to create and localize visual digital content in multilingual contexts. Design principles and the use of various typefaces and fonts are examined and applied to create visual content. Various design software, as well as other content editing software will be reviewed. Execution of a complete Desktop Publishing (DTP) brief – from the initial client request to invoicing.

- Restriction(s): Open only to students enrolled in the M.Sc.(Applied) in Multilingual Digital Communication; Non-Thesis program.
- 1. Course is online, with instructor led, live-online sessions and asynchronous work.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
