

CMSC 203. SURVEY OF BASIC MATHEMATICS 1.

Credits: 0-3

Offered by: Technology & Innovation (School of Continuing Studies)

This course is not offered this catalogue year.

Description

Review of analytic geometry, limits, continuity, the derivative, differentiation rules, curve sketching, application to economics, elasticity, problems in optimization, related rates, the differential, log and exponential, continuous compounding, partial differentiation, method of Lagrange multipliers, method of least squares.

- Prerequisite: CMSC 101

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
