

CSCI 020. FOUNDATIONS IN GENERAL

Credits: 3

Offered by: Technology & Innovation (School of Continuing Studies)

This course is not offered this catalogue year.

Description

The study of matter and energy and how they interact. A strong emphasis is placed on moles (and using them) and unit analysis (with unit conversion); how to read a periodic table; charge; the difference between ionic and covalent in bonding; chemical reactions.

- Restriction: Not open to students who have taken CSCI 101.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
