

CSNM 608. DYNAMIC SUPPLY NETWORKS

Credits: 3

Offered by: Management & Entrepreneurship (School of Continuing Studies)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

Analysis of the role of sustainability in supply management, with a focus on how environmental, social and governance (ESG) standards impact supply networks. Study of methodologies for creating sustainable supply management such as effective circularity practices, optimized carbon modelling techniques, effective diversity, equality and integration (DEI), and enhanced supplier relationships.

- Prerequisites: CMS2 500

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
