

# CSNM 615. INTEGRATED PRODUCTION AND

---

Credits: 3

Offered by: Management & Entrepreneurship (School of Continuing Studies)

This course is not offered this catalogue year.

## Description

Examination of the requirements for the use of products and services, procedures, and practices in logistics and supply network management. Focus on performance measures, optimization models, and simulation techniques. Technical review of dynamic modeling in network transportation systems, optimization of schedules, fleet assignment, routing, ordering, and irregular operations.

- Restrictions: Not open to students who have taken CMS2 515.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.

[Launch Visual Schedule Builder](#)
