CTPT 201. SOURCING.

Credits: 3

Offered by: Management & Entrepreneurship (School of Continuing Studies)

Terms offered: Winter 2026

View offerings for Winter 2026 in Visual Schedule Builder.

Description

This course is a comprehensive review of sourcing, an important area of supply chain management. It covers four major components of sourcing: the in-house or outsource decisions, the supplier selection and evaluation processes, contract management and procurement processes. Case studies are used to illustrate implementation issues in sourcing.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
