Offered by: Management & Entrepreneurship (School of Continuing Studies)

Terms offered: Fall 2025

[View offerings for Fall 2025 in Visual Schedule Builder.](#)

Description

This course addresses the infrastructure required to support logistics activities and the flow of goods and information, including: traffic and transportation, warehousing, materials handling, inventory concepts, Logistics Information Systems, performance indicators, customer service and order processing.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
