Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

The use of routine infection control practices in dentistry, implementing practices aimed at preventing crosscontamination of the dental operator, laboratory, shared clinic supplies, equipment and surfaces.

- Students must register for both DENT 208D1 and DENT 208D2
- No credit will be given for this course unless both DENT 208D1 and DENT 208D2 are successfully completed in consecutive terms
- Restriction: Open only to DMD II students

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
