

DENT 221D2. TOOTH LOSS.

Credits: 2.5

Offered by: Dental Med & Oral Health Sci (Fac Dental Medicine & Oral HS)

This course is not offered this catalogue year.

Description

Introduction to the concept of edentulism, including both partial and complete restorative solutions for edentulous spaces within the oral cavity. Extensive laboratory and clinical components are involved.

- Restriction: Open to D.M.D. students only.
- No credit will be given for this course unless both DENT 221D1 and DENT 221D2 are successfully completed in consecutive terms.
- Open to DMD students only.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
