

DENT 786. FOUNDATIONS IN ORAL HEALTH SCIENCE.

Credits: 3

Offered by: Dental Med & Oral Health Sci (Graduate Studies)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

Description

Overview of foundational ideas in oral health science. Focus on philosophy of science (for basic science, clinical and patient care, community, population and public health). Exploration of the knowledge production cycle (e.g., from basic science to bedside care to population health, and back). Research methodologies and methods, theoretical and conceptual frameworks, knowledge translation and research ethics.

- Restriction(s): Open to students enrolled in the Faculty of Dentistry's Ph.D. in Oral Health Sciences. Other students require permission of the instructors.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
