---

Credits: 3

Offered by: Integrated Studies in Ed (Faculty of Education)

Terms offered: Winter 2026

[View offerings for Winter 2026 in Visual Schedule Builder.](#)

## Description

A survey of the philosophy and curriculum principles behind modern high school courses in the physical and life sciences, especially related to the Quebec context. An examination of teaching methods for junior and senior high school science.

- The course EDES 335 includes a \$15 fee covering the cost of printing for the lab manual required by all students registered for the course. The fee is refundable until the end of the add/drop period.
- Prerequisite: 18 credits of university science courses at or above the 200 level
- Restriction: Not open to students who have taken EDEC 335

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
