

EDKP 640. ADVANCED ERGONOMICS.

Credits: 3

Offered by: Kinesiology and Physical Ed (Graduate Studies)

This course is not offered this catalogue year.

Description

Biomechanical aspects of some common motion disorders associated with the workplace. Recent knowledge in this area will be used to gain a better understanding and develop problem-solving skills related to issues such as risk factors, activity status, injury mechanisms, movement compensation, and work adaptation strategies.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
