

EDPD 259. REAL WORLD CONNECTIONS FOR THE MATH CLASSROOM.

Credits: 2

Offered by: Education - Dean's Office (Faculty of Education)

This course is not offered this catalogue year.

Description

Exploring the importance and value of making connections in the mathematics classroom, namely through cross-curricular approaches and real world connections. Experience activities that can be used in the classroom that encourages students to see that mathematics is all around them. Group planning and discussion will consider how the ideas and activities presented may be adapted to meet the needs of their students and the teaching context.

- Number of contact hours: 14; outside hours: 4.
- Language of instruction: English

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
