

EDPD 262. DEVELOPING COMMUNICATION IN THE MATHEMATICS CLASSROOM.

Credits: 2

Offered by: Education - Dean's Office (Faculty of Education)

This course is not offered this catalogue year.

Description

This course explores research-based techniques and strategies to support and increase students' communication (written, verbal and visual) in the mathematics classroom. Group planning and discussions will consider how the ideas and activities presented may be adapted to meet the needs of students and personal teaching context.

- Number of contact hours: 14; outside hours: 4.
- Language of instruction: English

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
