

EDPE 510. MACHINE LEARNING IN SOCIETY

Credits: 3

Offered by: Educational&Counselling Psych (Faculty of Education)

This course is not offered this catalogue year.

Description

An overview of key topics and broader issues in machine learning.

An exploration of machine learning algorithms to make predictions and provide explanations from the decision structures inferred from the data. An introduction to programming languages to exemplify fundamental machine learning algorithms and techniques.

- Offered through Continuing Education or Summer Studies

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
