

EDSP 715D1. THEORY AND PRACTICE OF SUPERVISION.

Credits: 3

Offered by: Educational&Counselling Psych (Graduate Studies)

This course is not offered this catalogue year.

Description

An introduction to the theory and practice of clinical supervision. Objectives include providing trainees the opportunity to assimilate theoretical and empirical literature related to clinical supervision, obtain experience in individual supervision with trainees, develop observational and conceptualization skills needed to assess supervisee competence and fostering skills writing supervisory case meetings.

- Students must register for both EDSP 715D1 and EDSP 715D2.
- No credit will be given for this course unless both EDSP 715D1 and EDSP 715D2 are successfully completed in consecutive terms.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
