

ELEC 200. GLOBAL AND PUBLIC HEALTH PRE-CLERKSHIP ELECTIVE.

Credits: 0

Offered by: Medicine and Health Sciences (Faculty of Medicine & Hlth Sci)

This course is not offered this catalogue year.

Description

The global and public health pre-clerkship elective course offers pre-clerkship medical students the opportunity to gain experience in Global and Public Health. Students will learn about Global Health and/or Public Health through structured community-based projects and activities locally, provincially, nationally or abroad. This includes, but is not limited to, IFMSA-Quebec exchanges, CFMS exchanges, and INcommunity experiences.

- Prerequisite(s): Students participating in international placements are required to complete the online Global Health Programs pre-departure workshop.
- Restriction(s): All requests will require approval by the department.
- Med-P students do not qualify for enrolment in the 0-credit course. The course is open to MDCM medical students prior to clerkship and until the end of FMD (Dentistry students are not eligible).

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
