View offerings for Fall 2025 or Winter 2026 in Visual Schedule Builder.

Description

Independent research project in consultation with a faculty supervisor. Selection of a research problem, formulation of hypotheses and objectives, research design, comprehensive literature review, commence data collection.

- Fall and Winter
- Prerequisite(s): AEHM 205 and permission of instructor
- Restriction: Open to U2 and above, and to students with a minimum CGPA of 3.0.
- Note 1: Fall and Winter. Enrolment is limited by availability of research project supervisors and to students in the Environmental Biology Major. Students should make arrangements with a willing supervisor, and the proposed supervisor and project are subject to approval. Students must obtain a minimum grade of B in ENVB 497 to be allowed to take ENVB 498.

Most students use Visual Schedule Builder (VSB) to organize their schedules. VSB helps you plan class schedules, travel time, and more.
